May Those who Come Behind us Find us Faithful

If you haven't heard, my father passed away two months ago and last week I was in California with my sisters going through a lot of things that he had collected over the years. I brought home a couple of boxes full of photographs that I never knew existed, many of them from the early 1900's and some even older than that. So now I have a bunch of old pictures of people I'm most likely related to but I don't know who most of them are, and there is no one still around who can help me identify them. I also found old newspapers with articles about different family members and was able to learn some things about my grand parents that I never knew before. Finding all this information got me to thinking about what we leave behind when our days on earth are through. Or simply put, what sort of legacy am I leaving behind. For many people their legacy is the stuff that they have acquired, the places they have been, or things they have done. But as the years go by and generations pass away all those things get lost.

In reality there is only one thing that we can pass on to our friends and family that will last forever and that is our faith in Jesus Christ. As Moses was giving the people of Israel his final instructions he gave them this command in

Deuteronomy 6:4-7:

4 "Hear, O Israel: The LORD our God, the LORD is one.

5 You shall love the LORD your God with all your heart and with all your soul and with all your might.

6 And these words that I command you today shall be on your heart.

7 You shall teach them diligently to your children, and shall talk of them when you sit in our house, and when you walk by the way, and when you lie down, and when you rise. “

There is a Steve Green song from way back that says “*May those who come behind us find us faithful.*” That is my pray for all of us. That when people think about us they understand that we live the way we do because we are serving the God of the universe. May the legacy we pass on be that we were a man (or woman) after God's own heart. Serving Him,

Karl Wittich

Jesus is Coming Again

There's a fear permeating the Western nations,
Jesus is coming again.
There's a creeping sense of consternation,
Jesus is coming again.

You can't deny that the patience of God must be
sorely tried.
Don't be deceived by the promise of peace on
every side,
'Cause He's coming, He's coming, I know He's
coming,
Jesus is coming again.
You can read it in the Bible so you know it's true,
Jesus is coming again.

**November Newsletter
items are due...** Tuesday,
October 20th to the office or
Janice please. We would love
your input please! Thanks!

There's a people coming out like a holy nation,
Looking for His coming again.
And they're singing the song of a new creation,
Jesus won't you come again!

Like a righteous cry..Jesus won't you come again?
It's their deepest sigh...Jesus won't you come
again?

He's coming, He's coming, I know He's coming,
Jesus is coming again.
He's coming, He's coming, I know He's coming,
God's people are shouting , "Amen".

Brent & Chris Ralston--Global Directors for Asia/Pacific...Share praise that their daughter, Hannah, received a college scholarship through her workplace. They request prayer for Hannah's College, Grand Canyon University, as the students will start online, and then move to in-person classes.

Brent and Chris ask us: "if it possible that the Lord is giving us unprecedented opportunities that we never would have had without the pandemic? Could it be that the church and believers are placed here "for such a time as this?" While they continue to wait for the Philippines to open back up for them to return, please pray for them and their Asia workers to be sensitive to the leading of the Holy Spirit as they ask Him what He would have them do during these challenging times.

Glenn and Teo Urqhart--UIM in Mexico...Request prayer for Derek and his homeschooling this year for a more consistent learning environment. He is doing well, taking responsibility, with some encouragement from Dad and Mom. Teo is taking this opportunity to improve her English by sitting in on Derek's online classes.

Also pray for the changes in Glenn's ministry and the challenges. One of Glenn's classes is, "U Turn for Christ" which has been done in the US for many years and has just started in Mexico. It is a transition program for men with drug addictions, focusing on growing a stronger relationship with Christ to overcome these addictions.

They have been doing some remodeling and moving a wall and bedroom to make the best use of their home.

Glenn & Teo also request prayer for many decisions they must make concerning their future.
